**The Telletubbies was communist programming because the vacuum cleaner was the state and no telletubby did shit. Plus the gay scene showing a thing tickling tellys butt.**

**I'm starting to think. TI are more credible than these truthers with 60 companies that are gatekeepers for Zionism who lie all the time.**

**to “Then Nirvgorilla says he's always right when he believes in Global warming. Getting jabbed. Masking up. I roasted him in discord and put it on Odysee as talking to Nirvgorilla.”**

**to “Why is my new 2003 house have ghosts that say it's built on dead remains?” So ppl just make money lying, gatekeeping for israel, owning 60 companies, then saying they are Truther. When the TI being gang stalked see the real picture. Only the cool kids get stalked.**

**If a person is a public figure and they aren't getting stalked then they aren't talking about anything relevant.**

**That's why TV is so boring Dr Phil just shuts up Karly Noel Franz and refuses to do any research and TV doctors are fake. Real doctors come w private healthcare insurance.**

**Dr Phil would never investigate a real rape. He would much rather drug his audience for a Jerry Springer Soap Opera.**

**Six Companies Control TV.**
